

# LONE STAR HEALTHY STREAMS

<http://lshs.tamu.edu>

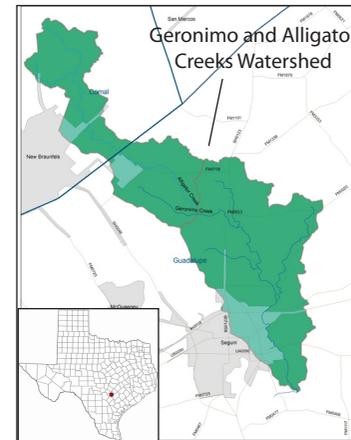

The Lone Star Healthy Streams program educates Texas livestock producers and landowners on how to best protect Texas waterways from bacterial contributions associated with livestock production and feral hogs. There is no cost to attend.

**June 5, 2014: 10am-3pm**

Texas Agricultural Education and Heritage Center  
390 Cordova Road  
Seguin, TX

**\*\*FREE lunch will be provided to all participants\*\***

**\*\*3 General CEUs available for Pesticide Applicators\*\***

Workshop presentations will focus on the Geronimo and Alligator Creeks Watershed and will discuss basic watershed function, water quality, and specific best management practices that can be implemented to help minimize bacterial contamination originating from beef cattle, horses, and feral hogs.

Pre-register for the workshop by going to:
